The Rules

SOUND CONTROL:- Machines must be within the noise levels currently in force for that category of machine (see ACU Handbook)). Any rider losing a silencer or baffle or creating unacceptable noise will be sent to the pits to rectify it. The machine must then be inspected by the Technical Official prior to being allowed back on the course.

COURSE:- We hope to achieve a minimum length of up to 10 kms. The course will be marked by Florescent arrows, tape and route check gates which riders must pass through.

BLUE TAPE AREAS:- Areas defined with Blue Tape are for the protection of Officials and Marshals. They **MUST** be ridden at **WALKING PACE**. A 60 second **STOP - GO** penalty may be enforced for the first offence. Exclusion will be the result of a second offence.

FUEL:- Refuelling must take place in the designated **GREEN** area only. This will be defined by **GREEN SINAGE**. Each rider is responsible for their own fire precautions and should be equipped with the standard 2kg Dry Powder Extinguisher.

BREAKDOWNS:- It is the riders responsibility to recover his own machine.

**NO MACHINES TO BE STARTED OR RIDDEN
BEFORE THE START OF THE EVENT!**

START:- Cold engine start at 4 riders per minute intervals, failure to cross the green flags within 1 minute from start time 60 points.

WARNING

MOTORSPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen.

Please comply with all instructions of marshals and notices and remain in permitted areas only.

**THEY ARE CONCERNED WITH YOUR
SAFETY**

EXCLUSIONS

- Not riding at walking pace in the [BLUE tape area](#).
- Smoking in the refuelling area.
- Refuelling outside designated area.
- Not keeping to the course/Course cutting.
- Irregularities in lap times recorded, suggesting course cutting.
- Failure to keep any support crew member out of prohibited areas (i.e. punch check).
